# WORKING HARD SINCE 2014

**Green Genie Earthworks is a family-owned and operated Western Australian company delivering earthworks, civil, and supporting contracting services across Perth metropolitan and regional areas.**

Built on transparency, integrity, and a strong understanding of client and project requirements, Green Genie Earthworks provides reliable, efficient, and high-quality outcomes across projects of varying size and complexity. Our experienced team are supported by a modern, well-maintained fleet that ensures consistent delivery aligned with industry and client expectations.

With a hands-on and integrated management approach, our leadership team is directly involved in all stages of project delivery, ensuring strong governance, real-time oversight, and proactive risk management. This approach supports efficient project execution and consistent performance across government, mining, and Tier1 contractor environments.

We have established a reputation for reliability, flexibility, and professionalism, consistently delivering projects safely, on time, and within budget, while maintaining strong, long-term client relationships.

Green Genie Earthworks operates in full compliance with Australian standards and maintains a strict zero-harm safety culture, supported by comprehensive safety systems, PPE compliance, and full insurance coverage.
